Our Mission – To Change Lives through Literacy

Forget-Me-Not Books is a used bookstore serving Fairbanks and the Interior. We sell quality used books for excellent prices. All proceeds support the educational programs of the Literacy Council of Alaska. The Fairbanks Community is very generous in providing books to support the Literacy Council of Alaska and Forget-Me-Not Books. We have a large number of donations that come through our doors. Unfortunately, we are not able to accept every book donated, as our space is limited. We can only accept books that are in good condition, to provide the best quality to our bookstore customers and community.

Thank you for donating to Forget-Me-Not Books and helping to change lives through literacy!
